Course Proposal Submitted to the College of Science Curriculum Committee (COSCC)

The form above is processed by the Office of the University Registrar. This second page is for the COSCC's reference.

Please complete the applicable portions of this page to clearly communicate what the form above is requesting.

FOR ALL COURSES (required)

Course Number and Title: FRSC 790 - Internship in Forensic Science

Date of Departmental Approval: October 25th, 2016

FOR MODIFIED COURSES (required if modifying a course)

- Summary of the Modification: The course repeat status has been added.
- Text before Modification (title, repeat status, catalog description, etc.):

FRSC 790 – Internship in Forensic Science

Credits: 1-3

Repeatable within degree

Offered by Forensic Science Program

Text after Modification (title, repeat status, catalog description, etc.):

FRSC 790 - Internship in Forensic Science

Credits: 1-3

Repeatable within degree Max credits allowed: 6

Offered by Forensic Science Program

Reason for the Modification: With our program credit requirements recently increased to 36 credits, we
wanted to allow our students the ability to complete two 3 credit internships if they have the ability to
do so. Most forensic science internships require the student to be enrolled in the course, and therefore
we feel it will benefit the student to have more than one internship opportunity if at all possible.
