Justification for deactivation

This course was put on the books by a faculty member who stopped being a member of it three colleges shifts ago. Neither Dr. Wong or myself, the two instructors who have taught the course in the past ten years, agree on what the class should be or what it should cover, why it is still here, why it has the high numbering it has, or a justification of this course over highly overlapping classes elsewhere in the curriculum.

Are you completing this form on someone else's behalf?

Effective Term: Spring 2021
