**Registration  
Restrictions  
(Updates only):****Registrar's Office Use Only - Registration Restrictions:****Field(s) of Study:****Class(es):****Level(s):**

**Degree(s):****School(s):****Catalog****Description:**

A survey of earth resources, including metallic and non-metallic ore deposits, mineral resources, precious gems, sand and gravel, water, and air. Designated a Green Leaf Course.

**Justification:**

What: Adding GEOL 103 to GEOL 101.

Why: The previously 4-credit GEOL 101 has been decoupled into GEOL 101 (3cr), GEOL 103 (1cr).

**Does this course cover material which crosses into another department?** No

## Green Leaf Course Designation

---

**The proposed course is requesting (choose one):**

Sustainability-related designation

**Below, include a brief statement regarding how this course meets either the “sustainability focused” or “sustainably related” criteria.**

Sustainability-related courses help build knowledge about a component of sustainability or introduce students to sustainability concepts during part of the course. They may complement sustainability-focused courses by providing students with in-depth knowledge of a particular aspect or dimension of sustainability (such as the natural environment) or by providing a focus area (such as renewable energy) for a student’s sustainability studies, or they may broaden students’ understanding of sustainability from within different disciplines.
