Due to the COVID-19 closures, the math placement test will not be offered for the summer/fall semesters. The math placement test prereq is being removed for those semesters, since students will not have access to it. Removing the math placement test for 202040/202070, and keeping the placement test as a prereq for 202110 forward.

Registrar's Office Use Only - Registration Restrictions:**Field(s) of Study:****Class(es):****Level(s):****Degree(s):****School(s):****Catalog****Description:**

Math 123, with 124, is a two semester sequence for students with limited math background who desire careers in the sciences. In two semesters, students progress from algebra through the basic calculus covered in Math 113. Math 123 integrates the beginnings of calculus through the derivative with relevant precalculus algebra and trigonometry. Notes: Students who successfully complete Math 123-124 are considered the same as having successfully completed MATH 113 and can sign up for Math 114, Calculus II.

Justification:

What: Updated prerequisite

Why: The software for the Math Placement Test has changed. The score now ranges from 0-100 and the new Banner code is MPAK.

Does this course cover material which crosses into another department? No
