**Catalog Description:**

Approved study programs with specific employers. Notes: Credit determined by department. Contact department one semester before enrollment.

**Justification:**

What: Updating prerequisites and changing the grading scale to S/NC

Why: Internships are occasionally requested by non-majors and students in Junior status, so this opens it up to more potential students (internships in the summer prior to a senior year). The Satisfactory / No Credit scheme makes more logistical sense for this type of course (internship, with little interaction with the instructor of record) than a regular letter grade scale.

**Does this course cover material which crosses into another department?** No

**Learning Outcomes:**

**Will this course be scheduled as a cross-level cross listed section?**
