## Admissions

University-wide admissions policies can be found in the [Graduate Admissions Policies](#) section of this catalog. [International students and students having earned international degrees should also refer to Admission of International Students for additional requirements.](#)

### Eligibility

All applicants should have a working knowledge of, or prior education or training in, computer technology. Knowledge of GIS, remote sensing technology, and cartography are preferred. Students from any discipline are welcome to apply.

### Application Requirements

To apply for this certificate, prospective students should submit the George Mason University Admissions Application and its required supplemental documentation.

~~Applicants to this certificate program must submit a current résumé.~~ GRE scores and letters of recommendation are not required but will strengthen an application, if available.

~~To apply for this program, please complete the George Mason University Admissions Application.~~

### Program-Specific

#### Policies:

## Policies

For policies governing all graduate certificates, see [AP.6 AP.6.8 Requirements for Graduate Policies](#). [Certificates](#)

### Transferring Previous Graduate Credit into this Certificate

Previously earned and relevant graduate credits may be eligible for transfer into this certificate; details can be found in the Credit by Exam or Transfer section of this catalog.

### Premium Tuition Rate

This professional certificate program charges students at a differential (premium) tuition rate. This rate applies to all students who enroll in this certificate program, regardless of in-state or out-of-state status. The differential tuition will be used to fund continuing improvements in the departmental computational facilities used to support the certificate program.

#### Degree Requirements:

This certificate may be pursued on a full-or part-time basis.

Students should refer to the [Admissions & Policies](#) tab for specific policies related to this [certificate program](#).
