Justification

The INTO Mason Standard Undergraduate IYO program is being sunsetted in January 2027. This new Gateway program is being launched at the same time. In this two-term Gateway program, students will meet a higher GPA entry requirement (2.5) than the prior requirements for the Standard Pathway, and they will meet the same English language requirements. The students will receive a Pathway I-20 from the university for the F1 Visa. Matriculation review at the end of the two-semester program will be required for students to progress into directly admitted-student status.

Indicate whether

What is the
primary delivery
format for the
program?

Additional SCHEV

Is the content of the
new program closely
related to that of an
existing approved
program at the same
instructional level (i.e.,
baccalaureate, master's
doctoral)?

Have you reached out to the Libraries to determine whether there are adequate resources to support your program? If not, please email Meg Meiman, Associate University Librarian for Learning, Research, and Engagement at mmeiman2@gmu.edu.

No
